

Relaxation of usage restriction of microscope rooms

In line with the relaxation of activity level to 0.5 from 13. July at the University of Tokyo, Imaging Core microscope rooms are available for 24 hr. including Saturday, Sunday and national holidays from the same day afternoon.

However, we ask you to keep disinfection, wearing gloves and masks and measuring body temperature before entering microscope rooms. According to 24 hr. opening, we ask you to do disinfection of microscopes and its surroundings by yourself before and after using them.
